🖥 My Portfolio

PROFILE

5th-year Electrical Engineering Student at ENSEM Casablanca, specializing in **Embedded Systems and Telecommunications (GESET)**. Seeking a final year internship (PFE) opportunity within a leading industrial organization. Strong interest in **software architecture, communication protocols, functional safety, and complex systems design**.

SKILLS

- Rigor / Meticulousness
- Analytical Mindset
- Adaptability
- Teamwork
- Technological Curiosity

LANGUAGES

- French : Fluent
- English : Intermediate
- Arabic : Native Language

SOFTWARE / TOOLS

Arduino IDE, ISIS Proteous, Circuit Wizard, Codeblocks, MPLAB, Matlab/Simulink, Xilinx, QEMU, Github, CANalyzer, CANoe, AutoDesk EAGLE

EDUCATION

2023 – Present **State Engineering Degree**

Institution: École Nationale Supérieure d'Électricité et Mécanique (ENSEM), Casablanca

Specialization: Electrical Engineering, Embedded Systems and Telecommunications (GESET)

2021 – 2023 **University Diploma of Technology (DUT)**

Institution: École Supérieure de Technologie (EST), Kénitra

Specialization: Embedded Electronics for Automotive (EEA)

2020 – 2021 **Baccalauréat (High School Diploma)**

Institution: Lycée Ibn Sina, Biougra, Agadir

Specialization: Physical Sciences-Chemistry (PC)

EXPERIENCE

Technical Internship at Marsa Maroc 01/07 – 01/09, 2025

On-site, Casablanca

- › Real-Time Design, Supervision, and Control of the Suspended Container on an STS (Ship to Shore) Gantry Crane.

Technical Internship at Hyundai 01/04 – 01/06, 2023

On-site, Kénitra

- › Diagnostic Support Tool Based on the Case-Based Reasoning (CBR) Approach.

TECHNICAL PROJECTS

- › Automated Medication Distribution by Connected Robot (PharmaBot)
- › Intelligent Traffic Light System
- › Intelligent Parking Surveillance System (ESP32-CAM)

CERTIFICATIONS

ADAS - MBD - AutoSAR and SW Architecture - CANBUS

ISO 26262 - Automotive HIL Concept - Automotive OTA

ACTIVITIES

Ex-Project Leader in AéroENSEM Club
